

## Plastic Expert's consumables – Helping you create the perfect bale

Plastic Expert is a leading plastic recycling company working with UK businesses to sustainably recycle plastic waste. Our focus is to divert plastic and packaging waste from landfills and incineration through measurable and ethical recycling processes. Our range of baling twine & consumables are designed to be used with most balers and we can supply to you anywhere in the UK.

We can even source bespoke products for clients who can't quite find what they're looking for. It keeps customers coming back to us time and again – especially because we can also recommend the most cost efficient way to recycle plastic & other packaging materials.

### Baling Wire

This is without doubt the strongest method for securing mill-sized bales, which is particularly important if baling materials for resale. In fact, our baler wire is so robust, it can comfortably ensure bales of up to 650kg – or 1100 x 1500 x 1100mm – stay perfectly intact. That means minimum fuss and maximum rebate value!

As with everything we offer, there's a product to meet almost every requirement, which is why we supply our baling wire in different lengths, diameters, materials and breaking strains. It all depends what you're looking for.

### Cut And Looped Wire

#### Wire short galvanised 3mm diameter, pre-cut and looped

- ✓ Short galvanised 25kg bundle
- ✓ Breaking strain 22 – 28 tonnes per square inch
- ✓ Length 4.25m
- ✓ Approx. 22 bales per bundle

#### Wire long galvanised 3mm diameter, pre-cut and looped

- ✓ Long galvanised 25kg bundle
- ✓ Breaking strain 22 – 28 tonnes per square inch
- ✓ Length 4.8m
- ✓ Approx. 18 bales per bundle

#### Wire long black annealed 3mm diameter, pre-cut and looped

- ✓ Long black annealed 25kg bundle
- ✓ Breaking strain 22 – 28 tonnes per square inch
- ✓ Length 4.8m

#### Wire short black 3mm diameter, pre-cut and looped

- ✓ Short black annealed 25kg bundle
- ✓ Breaking strain 22 – 28 tonnes per square inch
- ✓ Length 4.25m
- ✓ Approx. 22 bales per bundle

#### Wire long black annealed 3.5mm diameter, pre-cut and looped

- ✓ Long black annealed 25kg bundle
- ✓ Breaking strain 22 – 28 tonnes per square inch
- ✓ Length 4.8m

# PE Consumables - Baling Wire

## Black annealed baling wire bulk coils

- ✓ Low tensile
- ✓ Supplied strapped and wrapped 500kg coils
- ✓ 3mm, 3.25mm, 3.50mm & 3.80mm
- ✓ Breaking strain 22 – 28 tonnes per square inch
- ✓ Minimum order 4 coils of 2 tonnes
- ✓ **Priced per tonne**

## Black annealed baling wire bulk coils

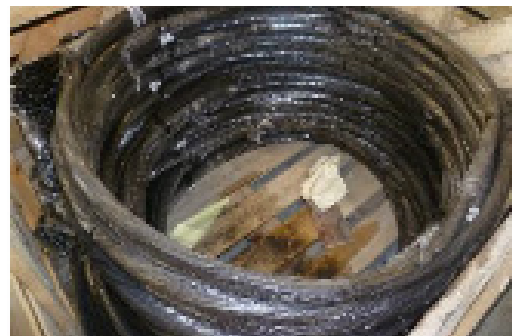

- ✓ Low tensile
- ✓ Supplied strapped and wrapped 1000kg coils
- ✓ 3mm, 3.25mm, 3.50mm & 3.80mm
- ✓ Breaking strain 22 – 28 tonnes per square inch
- ✓ Minimum order 2 coils of 2 tonnes
- ✓ **Priced per tonne**

## Rewound black annealed baling wire – 25kg

- ✓ Low tensile
- ✓ Supplied in rewind coils - 25kg
- ✓ 3mm, 3.25mm, 3.50mm & 3.80mm
- ✓ Breaking strain 22 – 28 tonnes per square inch
- ✓ **Minimum order 8 coils**

## Rewound black annealed baling wire – 45kg

- ✓ Low tensile
- ✓ Supplied in rewind coils - 45kg
- ✓ 3mm, 3.25mm, 3.50mm & 3.80mm
- ✓ Breaking strain 22 – 28 tonnes per square inch
- ✓ **Minimum order 6 coils**

## Not found the consumables you're looking for?

There are so many products in our consumables range that it's impossible to highlight everything.

So, if you haven't found what you're looking for or you need something specific, please contact Plastic Expert on 0845 3669306 or [expert@plasticexpert.co.uk](mailto:expert@plasticexpert.co.uk)

**Next working day delivery available!**

## Our products are also compatible with the following baler brands:

**Bramidan, Miltek, HSM, Orwak, Mardon Ram Pack, KK, Phoenix, Moovmor, Dicom, Werkit, Macfab, CK International, Paal, LSM, Gradeall, Pakawaste, Kenburn, Dixi, Strautmann, Whittam Mills, PHS, BRG, PEL, Austropressen, Bag and Bale, Compact and bale, One Stop Managed Services**
